

## GNH Beach Identification Committee (BIC) Notes & Actions (6/13/2020)

**Committee Members Present:** Mike Whaples, Rich Coan, Shari Whittaker, Tom & Alicia Misenti, Shelli Gordy, Betsy & Howie Hale, Berto Perez, Dan & Gina Anselmo, Ron DiLoreto, Robert Vancour

### **Agenda:**

- Committee purpose
- Introductions
- Brainstorm ideas
- Next steps

### **Notes:**

- Committee purpose is to explore options for Family Member Identification at/on the beach. Rationale:
  - Rocky Neck is at ½ capacity (500 cars) they don't turn away walk-ins.
  - Town beaches are turning away non residents
  - People coming in through our road and try to access our beach or rocky neck.
  - Major issue for employees and lots of board members and members of the association trying to manage.
  - Important for our staff to have something to prevent non-residents from walking onto the beach.
  - 600 families in the association
  - Need to know that the people entering the beach are association members
- Ideas brainstormed
  - Privacy fence that will rest on the sand by the flagpole
  - Tags (8 years or up are required to wear a wrist band - purchase them when you pay your taxes)
  - Keychain
  - Printed, laminated card with a hole punch to put on wrist, neck, bag wherever they want to put it. 2 or 3 per household then they can buy more.
  - Listing of members and their address to check ownership
  - Tag on person and Flag for the beach
  - Daily code texted to all members
  - Hire a security officer to monitor the beach and let board member know if someone is not displaying their tag (an official looking person who is not part of the association)

### **Actions:**

- Ron - check around for someone who may be interested in patrolling the beach
- Shari - provide grand list to attendants, present to memberships on Saturday at 10am
- All - see something / say something
