Meeting Objective/Goal: Firm up a list of ideas/options for members to identify themselves upon entry onto GNH beach.

Committee Members: Cyndi & Mike Whaples, Rich Coan, Shari Whittaker, Tom & Alicia Misenti, Shelli Gordy, Betsy & Howie Hale, Berto Perez, Jeff Holsapple, Joan Lanzo, Bruce & Dianne Cohen, Dan & Gina Anselmo

Agenda:

- Welcome new members
- Recap last meeting
- ID Ideas to remove
- New ID Ideas to share

Notes:

- Committee members suggested creating short-term and long-term plans for beach identification

- Forth of July weekend is a great opportunity to try something out

- We are in a COVID Pandemic and the overflow from area beaches is impacting our private beach

- Confirmed with Shari that proceeding with a no-cost solution would **not** require the membership to vote; however, the BOG would need to approve any plans.

- Agreement by Shari to move ahead to try bands during 7/3, 7/4, 7/5 holiday weekend. (Approved 6/29 by BOG)

- Committee members continued to discuss other ideas for beach identification and members took action to further research. Research should include:

  - Outline the process for implementing the solution

  - Identify questions that may come up from board members that we will need answers to

  - Cost

  - Is this idea realistic?

- Debrief outcome/results associated with 7/3, 7/4, 7/5 band approach with BIC on Monday July 5th @7:00pm via zoom – also determine next BIC meeting date when research will be available to readout / discuss other beach ID options

- Next meeting Agenda (Date TBD):

  - Feedback from committee member research

  - Next steps

Actions:

- Shari/Dan – coordinate for 7/3-7/5 and reach out for volunteers if needed

- Cyndi – volunteered to help with band distribution

- Joan/Howie – research flag proposal

- Jeff/Berto – research text messaging (e.g. communication in 21st century) option

- Tom/Alicia – continue research on key tags and dog tags

- All – see something / say something
